

A Woman's Heart, A Child's Life,
Pregnancy Resource Clinic
P.O. Box 9325, Greenville, TX 75404
2612 Jordan Street 903-454-9711

Purpose:

To get the community involved in the Pregnancy Resource Clinic through active involvement in supporting the services of the clinic.

How?

The Clinic has a standing baby bottle program. This consists of asking people to give their spare change by filling a baby bottle that the Clinic provides. Generally, there is a church liaison that will handle the disbursement and collection of the bottles, but we have many people who individually bring their bottles to the Clinic's offices and get fresh ones whenever needed.

What's a Boomerang?

The Baby Bottle Boomerang is our yearly fund-raiser that involves the whole community at one time. During the month of May, it is our goal to disperse hundreds of bottles throughout Greenville and Hunt County and then rapidly collect them back by the first week of June. Being a city-wide event, it is hoped that excitement will grow and perhaps a little friendly competition.

Why the Church?

The PRC is an evangelistic life affirming ministry that is supported solely through donations. We do not accept any federal funding so that we may have complete freedom to share the truth of Jesus Christ as Savior, the truth that pregnancy is a baby, and the truth about abortion. We see ourselves as an extension of the church body and an active 'home mission' ministry. We are not affiliated with any particular denomination or church and so look to the community for support.

Is it just the Church?

Most of our support comes from businesses and individuals and only about a fourth from the organized church.

What services does the Clinic offer?

All our services are free of charge & confidential. We offer pregnancy testing and supportive counseling, accurate information on prenatal development and alternatives to abortion, post abortion counseling, parenting and childbirth classes, abstinence and sexual integrity classes, by June 2006 will offer limited ultrasounds to the abortion vulnerable, and in the future STD testing.

Every good and
perfect gift is from above.
James 1:17
